

# MODEL DUC40

## DUAL CHECK VALVE

### 40-300 Series

Job Name:	Contractor:
Job Location:	P.O. Number:
Engineer:	Representative:
Tag:	Wholesale Distributor:

### SPECIFICATIONS

The 1/2" – 1" Dual Check Valves shall be Apollo® Model DUC40 (40-300 Series). This valve shall be manufactured in America. The bronze body shall be configured with "wye" style checks for in-field serviceability. The device shall be available with options for three test cocks for in-line testing. The Apollo® Model DUC40 Dual Check Valves prevents backflow by either backpressure or back-siphonage resulting from a cross-connection between potable water lines and substances that are objectionable, but not health-hazards.

### FEATURES

- In-line repairable
- Low pressure loss
- Corrosion resistant
- Compact and lightweight
- Independently-acting check valves
- Available in standard and swivel connections
- MADE IN THE USA

### MATERIAL SPECIFICATIONS

Part Name	Material
Body	Bronze
Caps	Brass
Springs	Stainless Steel
Seat Discs	EPDM

### PERFORMANCE RATING

Maximum Operating Pressure 175 psi  
 Temperature Range 33 °F – 180 °F

### APPROVALS

ASSE® 1024 and CSA® B64.6

SIZE	1/2"	3/4"	1"
