

Apollo Valves is Committed to a Better Environment

Apollo is a leader in offering environmentally friendly products to its customers. As of September 4th, 2009, the Apollo products listed below have been certified **“Lead Free”** by an ANSI approved test agency to meet Section 116875 of the California Health and Safety Code (commonly referred to as AB-1953). We commenced shipping the first of our **“Lead Free”** products in early October, and the balance of products listed below will become available in the 4th quarter 2009. Please contact your local Apollo representative, the factory or www.Apollovalves.com for further details regarding pricing and availability.
